Welcome Back!

It's been two, might I add long, years in the making, but the Brandon Home & Leisure Show will be back at the Keystone Centre April 8th-10th, 2022.

With having to cancel the 54th Annual Show in 2020, just 3 weeks before opening day, new tentative dates had been tossed around for the past two years, looking for the right time to come back. Everyone is very excited for the opportunity to interact with the public at the show again and take them through what has come out in the past few years. As we know, building and renovating has not slowed down, so vendors are pumped to get out there!

The show will look a little different this year, being set up in the Canada Room, Exhibition Hall and City Square of the Keystone Centre. You will enter from the East Side at Entrance D where there is assessable parking and easy access from 18th Street. Be sure to check out the Presentation Stage located in the Canada Room where local businesses will give demonstrations and talk about what to watch out for.

We are very excited for the Brandon Home & Leisure Show to open their doors on April 8th. Looking forward to it and maybe we'll see you there!
